

## **SUPREME**

A rinse additive which prevents water spotting or streaking of dishes, glasses, silverware and facilitates the speed of drying.

### **BENEFITS:**

- Eliminates toweling, thus reducing handling, breakages and labour costs.
- Non-toxic and non-foaming.
- Does not leave a residual odour.
- Reduces the surface tension of rinse water resulting in almost instant sheeting off of water and immediate spot-free drying.
- Is very economical. (One gallon will condition 15,000 gallons of rinse water)
- May be used in all makes of rinse injectors.

### **PHYSICAL & CHEMICAL PROPERTIES:**

- Appearance: clear green liquid
- Fully stable during prolonged storage, unaffected by heat or cold

### **USE:**

- Concentration is determined by local water conditions, type of machine, rinsing time, etc. Actual quantities used are controlled by dispensing equipment which is adjusted to each individual situation.

### **PACKAGING:**

- 4 x 4 L/Cartron
- 20 L Pail
