Premium Features

Cassette® Refrigeration

Finless Free&Clear™ Condenser Coil

LED Lighting System

Automatic Stainless Steel Condensate Control System

Front Breathing Refrigeration

Priority Air-Flow

HABCO Insulated Glass

ESM10HC: Designed to optimize merchandising experience to the highest standards of quality and performance.

Refrigeration:

- Self contained Cassette® forced-air refrigeration employs R290 hydrocarbon Natural Refrigerant within a sealed capillary tube system.
- Cassette® refrigeration is bottom-mounted and removable from the front for ease of maintenance. Refrigeration may be exchanged or upgraded without mechanic. Designed to operate at a set point between 34°F and 39°F (1°C - 4°C).
- Priority, directed air flow provides optimum cooling and energy efficiency within cabinet and exclusively at front of unit for optimized heat exchange ventilation.
- Finless, Free&Clear™ Condenser Coil maximizes air-flow over the compressor, reduces energy consumption and is non-clogging.
- Automatic, stainless steel condensate control system.
- Quality, self-lubricating and sealed motors with streamlined air-flow provide quieter yet robust refrigeration.

Cabinet:

- Exterior – durable textured black.
- Interior – NSF approved white aluminum liner with stainless steel floor.
- Ergonomic raised interior floor.
- Space Saving Design – air ventilation exclusively from the front of unit.
- Insulation – cabinet is foamed-in-place with eco-conscious, polyurethane insulation.
- Heavy duty thread-in leveler legs.

Doors:

- Self-Closing Swing Door features hold-open position, spring back protection and are reversible on-location.
- Magnetic gaskets are single piece bead-mount construction easily removable for cleaning.
- Heat Reflecting HABCO Insulated Safety Glass with black extruded frame.
- Integrated, injection molded pocket handle(s).

Lighting:

- LED Lighting System for Brilliant Illuminated Interior Display and Available Backlit Door Merchandising, on Switch.

Storage:

- Three (3) white coated shelves 19 1/2"W x 18"D (496mm x 458mm), are NSF approved.
- Heavy duty aluminum shelving pilasters will not peel or chip adjustment of 1/2" (13mm) increments.
- NSF-7 compliant for storage or display of pre-packaged aseptic product.

Electrical:

- Factory power cord installed for connection to a sole-use (dedicated) 115V/60Hz/1-Phase, 15 Amp circuit.
